Marley® Engineered Products

Air Hog® Portable Utility Blower

▶ APPLICATIONS:

The Air Hog line of portable utility blowers appeals to customers who wish to utilize an inexpensive means to ventilate manholes and other confined spaces, to provide fresh air, or remove fumes to increase worker safety and comfort.

▶ INDUSTRIAL GRADE CONSTRUCTION

– Heavy-duty rolled edge construction withstands rigorous industrial applications

▶ EASY TO CARRY AND OPERATE

– Built-in contoured carry handle for easy portability
– Single-switch ON/OFF control and grounded cord/plug

▶ MAXIMUM VENTILATION

– 1225 CFM for 8” model
– 2450 CFM for 12” model

▶ VERSATILE

– High volume air movement is ideal for cooling, ventilation, exhausting and drying
